QUALITY. PERFORMANCE. PRICE.

A FULL LINE OF PREMIUM-SPEC, LOW PRICE TRACTORS FROM 19 TO 74HP

At Rural King, we are our customer. We use the same products that we offer to our customers on our own farms, at our homes and on our rural lands. We tend to our fields, horses, livestock, dairy cows and poultry. We bale hay, create food plots, smooth out arenas, grade our country roads and cut our pastures. Just as you do, we live and love the rural lifestyle.

THE RK TRACTORS STORY - FROM A CENTURY OF FARM EXPERIENCE

The Melvin/Speer family has been farming for over five generations, and we raise a variety of crops in different regions of our great country. From corn and soybeans in central Illinois to citrus trees in the heart of Florida, farming is in our blood. For us, farm life includes early mornings and late nights in all seasons. Checking on lambs being born in February and harvesting beans late into the night in October. Collecting eggs every morning and milking cows every evening. Complaining about rain in May and praying for rain in July. After all the hard work, however, watching the whole family come together to help with harvest makes it all worth it. The smiles on the faces of our local church and 4-H groups after a hayride in the fall tell us all we need to know about the meaning of community.

Having worked with most of the major tractor brands over the years, we know what quality equipment looks like and how it should perform, and more importantly, we know what quality service looks like, too. It is through that understanding that we have partnered with top manufacturers to create what we believe is the very best value in farm equipment. Every RK Tractor, from our 19HP and 24HP sub-compacts to our 74HP, turbo-charged utility models, offers best-in-class features and performance at the lowest prices. We buy direct, and we sell direct, which allows us to pass along substantial savings to our customers. And we back it up with the industry's best warranty and outstanding parts & service support at every Rural King store where RK Tractors are sold.

Since 1960, millions of Rural King customers have trusted our family and our associates to offer the very best value and widest selection of farm and home equipment and supplies. RK Tractors follows that tradition, and we are confident that there is no better value in compact tractors and implements.

Alex Melvin, CEO

RK55SC TRACTOR

RK DIFFERENCE

QUALITY. PERFORMANCE. PRICE.

Every RK Tractor features 4WD and comes fully-loaded; there are no options to buy, because just about everything comes standard. You won't pay extra for things like rear remotes, work lights, draft control, audio systems & rear wipers (cab models) or an upgraded seat because the things that are optional with other brands come standard with ours. We even include Rim Guard liquid tire ballast in the rear tires of every 37, 55 and 74HP tractor sold with a loader. And since we buy directly from the tractor manufacturer, we pass on substantial savings to our customers. The combination of a better tractor offered at a lower price presents tremendous value.

All 19-55HP RK Tractors come with a 2-year full-machine warranty and an industry leading 8-year powertrain warranty (5-year powertrain warranty for 74HP) - parts & labor included, with no deductible. No tractor brand offers a better warranty. We want our customers to have confidence that RK Tractors are of the highest quality and that we will stand behind them. We've got your back.

8 YEAR LIMITED POWERTRAIN WARRANTY

RK SERVICE

SERVICE AFTER THE SALE

We recognize that tractor owners expect and deserve great repair and maintenance services. That's why every Rural King store that offers RK Tractors has a full shop staffed by our factory trained technicians. Common maintenance items such as fluids and filters and many replacements parts are stocked at our stores. All other spare parts are maintained at our distribution centers and can quickly be where they are needed.

FAQ

WHO MAKES THE TRACTOR?

Our tractors are made by TYM, the largest tractor manufacturer in South Korea and manufacturers of tractors sold in the U.S. under other leading tractor brands. Engines for the RK19-RK55 are made by Yanmar, and the RK74 engines are made by Deutz, all EPA Tier 4 compliant. Final assembly takes place in Waverly, OH, Williston, FL, and Vandalia, IL. Many tractor buyers don't realize that many tractors under 60HP sold in the U.S. originate from outside the U.S., including those of all of the top selling brands. The RK by King Kutter 3-pt. implements are made by Winfield, AL based King Kutter, and our tires & wheels are made by Midwest based Titan International.

WHERE CAN I HAVE IT SERVICED?

We perform all the service and maintenance in every Rural King store that offers RK Tractors. We have already been servicing small engine equipment in the shops located at every Rural King store. For RK Tractor stores, we've added an experienced tractor technician and have provided all the tools needed to perform any repair. We stock a complete inventory of spare parts at our distribution centers, and if you need a part we don't have in stock here at the store, we can quickly get it to our shops.

DO YOU OFFER FINANCING?

Yes, we offer zero-down-payment financing for up to 84 months through RK Finance, a partnership with Huntsville AL-based Redstone Federal Credit Union. Loan applications can be submitted directly by our customers 24/7, from anywhere and from any connected device, or at any RK Tractors store location.

WHAT IS THE WARRANTY?

Our 19-55HP tractors come with a 2-year full machine warranty and 8-year, 3000-hour powertrain warranty and our 74HP tractors come with a 2-year full machine and 5-year, 3000-hour powertrain warranty. Our warranty has no deductible and includes parts & labor. Other tractor brand warranties may have deductibles and may only cover parts and may not cover all models. We can proudly say that our powertrain warranty is the industry's best, most comprehensive warranty.*

DO YOU DELIVER?

Yes, we can deliver your tractors and implements to your location for a fee based upon distance. As another option, we offer perfectly matched transport trailers and associated hitch equipment that can be included in the financing with your tractor purchase. Having a trailer gives you the option to easily move your equipment between locations.

HOW DO I KNOW THAT YOU ARE GOING TO STAY IN THE TRACTOR BUSINESS?

To begin with, we put our name on the tractors, which is a big statement of our pride in this product and that shows that we are committed for the long haul. We have invested heavily in the people and infrastructure necessary for assembling the equipment, helping customers select the right equipment and servicing the tractors. Since we are a company made up of people that have owned and used tractors for many generations, we know what it takes to earn and keep our customer's trust.

HOW CAN YOU OFFER RK TRACTORS AT SUCH LOW PRICES?

Since we are buying directly from the tractor manufacturer, we can pass our savings along to you. You'll see that we offer more power for a lower price than any of the other brands in the sub-compact, compact and light utility classes. We enthusiastically and confidently invite you to compare any RK Tractor with any other tractor with respect to price and performance.

*See page 20 (Back Cover) for details

RK19H TRACTOR

SUB-COMPACT

The RK19H Sub-Compact series tractor packs plenty of power in a small package. Easy to operate and perfect for a wide range of property maintenance applications, plus all of those big projects that you've always wanted to complete, but never had the right equipment to help make it happen. With an RK19H sub-compact tractor, your only limit is your imagination.

- Powerful Yanmar EPA Tier 4 certified 3-cylinder, liquid cooled 19HP diesel engine
- Easy to operate 2-range hydrostatic transmission and auto-throttle
- 4WD, differential lock and choice of R3 turf or R4 industrial tires
- Category I 3-pt. hitch
- Foldable rollover protection structure (ROPS)
- Hydrostatic power steering and easy-to-use operator controls
- Full range of performance-matched attachments and implements, including loaders, mid-mount mowers and a complete selection of 3-pt equipment
- Available 48" & 54" mid-mount mowers
- Industry-leading 8-year powertrain warranty

RK37 SERIES

The RK37 Compact series tractors provide plenty of power for those big chores around the farm, larger scale landscaping applications, creating and maintaining food plots, equine management operations or easily handling large round hay bales. Heavy for its class, this is no stripped-down economy tractor; all of the premium features are standard on all RK37 tractor models.

- Powerful Yanmar EPA Tier 4 certified 3-cylinder, liquid cooled 37HP diesel engine
- Available in either 12F/12R shuttle-shift or 3-range hydrostatic transmission with auto-throttle
- Open station, or fully-enclosed cab with heat/AC, front and rear work lights, rear wiper, audio system standard
- Work lights and rear remotes standard on all models
- 4WD with differential lock, category I 3-pt. hitch with telescoping hitch arms
- Foldable rollover protection structure (ROPS) on open station models
- Easy to access service points help make routine maintenance a breeze
- Hydrostatic power steering and easy-to-use operator controls
- Full range of performance-matched attachments and implements, including quick-attach, skid steer compatible front-end-loaders and the most powerful backhoes in its class
- Available with R1 Ag, R3 Turf and R4 Industrial or R14T Hybrid Tires
- Industry-leading 8-year powertrain warranty
- Available BH7.5 backhoe with 16" bucket and thumb standard

RK74PSC TRACTOR SPECIFICATIONS

RK TRACTORS

	RK74PSC TRACTOR
Engine Make/Model	Deutz TCD2.9 L4
Gross Engine HP	74
Aspiration	Turbocharged
PTO HP	64.1
Rated Engine Speed	2200
Number of Cylinders	4
Displacement cu. in.	177
Alternator	12V 95A
Fuel System Type	Common Rail Direct Injection
Full Tank Capacity US gallons	23.8
HYDRAULICS	
Implement g/m	10.3
Steering g/m	5.8
Total Capacity g/m	16.1
Category, 3-Point Hitch	2
Hitch Lift Capacity, Lb	5115
At 24 inches behind link ends, lb.	3414
Lift Control Type	Position/Draft/Mech
Joy Stick & Joy Stick Valve	Standard
Draft Control	Standard
TRANSMISSION	
Transmission Type	16F/16R Power Shuttle w/Creeper
Max Traveling Speed MPH	18.9
Brakes	Wet Discc
Cruise Control	Yes
POWER TAKE-OFF (PTO)	
PTO Type	Independent
PTO Control	Electric/Hydro
PTO Rear (RPM)	540/540E
PTO Shaft Diamete mm	35
DIMENSIONS	
Overall length, in.	157.5
Overall width, in.	76.4
Wheelbase, in.	86.1
Height to top of ROPS/Cab, in.	103.3
Min. ground clearance, in.	18.3
Total weight, lb.	6052
CAB FEATURES	
Full HVAC - Heat & Air Conditioning	Standard
Audio System	Standard
Front & Rear Work Lights	Standard
Front & Rear Wipers	Standard
TIRES	
R1 Agricultural	R4 - F 15-19.5 R 18.4-24
R3 Turf	R3 - F 12.0 - 20.5 R 22.4-25.5
R4 Industrial	R1 - F 11.2-24 R 16.9-30
Tire & Wheel Manufacturer	Titan (USA)

3-pt Hitch Arm Control from Rear of Tractor

Available Self-Leveling Loader

Power Shuttle Transmission

74HP Turbocharged Deutz Diesel Engine

3-Set Remotes Standard

L135SL Self-Leveling Loader	
Maximum Lift Height, in.	135.5
Lift Capacity to Max Height	3,223
Breakout Force	5,335
Bucket Capacity, cu/ft	13.8
Bucket Width, in.	84.0
Bucket Weight, lb.	399
Total Weight Loader w/Bucket, lb.	1,889
Bucket Level Indicator	Standard
Bucket Connection Type	Skid-steer compatible quick attach loader

The RK by Top Dog Granite Grapples come in four working widths to match up with our 19 to 74HP tractors, as well as other comparable tractors with a skid-steer compatible quick attach loader and 3rd function capability. Developed in a partnership with Minnesota-based Top Dog Attachments, the Granite Grapple makes clearing brush, moving logs and pulling up tree roots a quick and easy process. The unique design includes heavily reinforced teeth that do not require a cross piece support, allowing dirt to pass through rather than build up in the teeth.

*This brochure is for descriptive purposes only. All competitive comparison information is based on information published by third parties, and is subject to constant change. Similarly, RK Tractors reserves the right to change the stated specifications, prices and information without notice. Suggested product prices are estimated with variable product options selected at MSRP, and special pricing may be available on certain models of competitors. Please consult your local dealers as needed to determine actual configuration prices. All Prices shown are estimates and will vary based on final product selections and potentially location. Some items shown may be optional and some products shown may not be available at all locations. Prices are in U.S. dollars. RK Tractors disclaims all representations and warranties, express or implied, and any liability from the use of this brochure. For complete warranty, safety and product information, consult your local RK Tractor dealer and request the operator's manual. Power (HP) and other specifications are based on various standards or recommended practices. For your safety, RK Tractors strongly recommends the use of a Rollover Protective Structure (ROPS) and seat belt in almost all applications.

About RK Tractors

RK Tractors are made in South Korea by TYM, manufacturers of compact tractors for leading U.S. tractor brands, and feature best-in-class Yanmar (19-55HP) and Deutz (74HP) diesel engines. Final assembly takes place in Waverly, OH, Williston, FL, and Vandalia, IL. RK by King Kutter 3-Pt. equipment is made by King Kutter in Winfield AL, and tires & wheels are made by midwest-based and industry leader Titan International. RK provides full service at every RK Tractor location, zero down payment financing for up to 84 months, tractor delivery (for a fee) and an industry leading 8-year limited powertrain (19-55HP) and 5-year limited powertrain (74HP) warranty. We can offer fully-loaded, premium tractors at very low prices because we buy directly from the manufacturer. We can proudly say that you will not find a better value in sub-compact, compact or utility tractors anywhere.
